## Change of Ownership Form

Please notify the National ISS Provider of a change of ownership as soon as practical by submitting this Form. A new application must be submitted within 3 months of the service change of ownership to be assessed for eligibility for Inclusion Support Subsidy.

State/Territory & ISA Region:	
Service Name:	
Previous Service Name:	
Address:	
Date of Sale:	

The service is currently receiving ISS support to include the following child/ren:

Child's Name:		Child's Name:	
Child's Name:		Child's Name:	
Child's Name:		Child's Name:	
Child's Name:		Child's Name:	
Child's Name:		Child's Name:	

I am aware that the service receives ISS to support the inclusion of a child or children at the service and would like the current level of ISS support to continue.

I have contacted the local Inclusion Support Agency to commence the application process. I understand a new ISS application must be submitted to the National ISS Provider within 3 months of the change of service ownership, and must include a copy of the service's CCB approval certificate or letter of CCB approval.

I understand that the new application must be assessed to determine if ISS funding is approved, and it is the service's decision whether they employ an Additional Worker while the outcome of the ISS application is determined.
