

KU Early Childhood Intervention Playgroups

We offer play-based group programs for children under 6 years of age with developmental concerns, delays or disabilities, and their families.

The program provides a safe and supportive environment where children can learn, develop new skills, and build confidence before transitioning to an early childhood education and care service or school.

Sessions are facilitated by experienced early childhood teachers and educators who work in partnership with families to support each child's individual learning and development goals.

KU Early Childhood Intervention Playgroups are funded by the NSW Department of Education Start Strong Pathways Program.

Cost

There is no cost to attend KU Playgroups. Families are welcome to attend as many sessions as they feel would benefit their child and family. Siblings are welcome too.

KU Early Childhood Intervention Playgroups provide:

- ▶ **Play-Based Learning:** Opportunities for children to participate in structured and child-led play experiences that promote learning, exploration and development.
- ▶ **Developmental Support:** Activities designed to strengthen communication, social, motor and self-help skills.
- ▶ **Family Support:** Guidance and practical strategies to help parents and carers support their child's learning and development.
- ▶ **Peer Connections:** Opportunities for families to connect with others, share experiences and build supportive networks.
- ▶ **Community Links:** Assistance to connect families with local services, supports and community programs.

Enrolment

When you attend a KU Playgroup for the first time, you will be given an information pack and enrolment form. No booking is necessary — families are welcome to drop in and join the playgroup that best meets their needs.

What to bring

Morning tea, a hat and drink bottle.
